Welcome Message

Spring is officially here and the weather the last couple of weeks of March has certainly been a bonus. Some people have already had their cars out on the road because we have had some really sunny and warm days. We are planning for a membership meeting in April, 2021 and hope that members will consider attending since most should have had the opportunity to be vaccinated, if that is what they chose to do.

One of the things that we need to address is the election of Board members. We still have a number of positions that need to be filled and we ask that you consider running for office because if some members don't step up to take on these positions, the future of the Club could be in jeopardy.

To recap, the positions that are up for election this year are Vice-President, Events, Membership and Treasurer. The members that currently hold those positions have agreed to continue in those roles if no one else comes forward, but the Board hopes that there are members out there who would be willing to take on the challenge. There are also positions that are open from last year that still need to be filled: President, Secretary and Socials. If you want to see the Club continue now is the time to step up and throw your hat in the ring for one of the open slots.

We would also like to discuss plans for the coming season and see what events we can come up with for the Club. We have a couple of things in the works. Wilkins Township is celebrating their 200th anniversary and has invited us to participate in their parade in September. There is also an event planned at Keystone Raceway for Memorial Day weekend that we might want to consider. If anyone is interested it also looks like Corvettes on Woodward will go on in August.

We again want to thank everyone for their continued support through these trying times and hope to see more events being planned as we go forward.

It is also time to renew your membership for the next year as we look forward to better times for all. The application is in this Newsletter.

As you know we have managed to operate without a President but how much longer the Club can continue that way is up in the air. Now would be a good time to consider taking a role in running the Club. So many people do so much to make our Club an outstanding organization that it is impossible to name them all. The Board would like to send out a big **Thank You** again to everyone who has participated in and helped at any of our events. You are the heart and soul of CCWP.

If anyone has any ideas they would like the Board to consider for the coming year, please contact any board member or attend a Board meeting. They are held the 1st Tuesday of the month at the Boulevard in Delmont.

Reminder: Our next membership meeting is scheduled to be held on **Tuesday, April 13, 2021 at the Boulevard in Delmont**. The meeting starts at 7:00 but you can come early and enjoy dinner with your fellow club members.

Museum News-Pat Hillyard

Just a reminder that the Michelin NCM Bash is coming up soon and there will be on-site activities. The road tours are filling up and remember that the 2020 Hall of Fame induction banquet had been postponed to the Bash. There is also an online streaming option available.

You can generate donations to the museum while shopping at Amazon. Start your shopping at smile.amazon.com/ch/74-2519972 to confirm "National Corvette Foundation Inc" as your charity of choice and AmazonSmile will donate a portion of your

eligible purchase price to the Museum.

The NCM Kartplex re-opened March 5th and it is open to all drivers at any time during their hours of operation.

Stars and Cars Exhibit is now on display in the Skydome. The featured cars include George Jones 1978 Corvette and Roy Orbison's 1967 Corvette Stingray. The museum is proud to honor the legacy of these two amazing musicians.

Debbie Macomber is a #1 New York Times bestselling author and one of today's most popular writers. She may never have written about a Corvette but she might in the future, considering that she and her husband Wayne, of Port Orchard, Washington, took delivery of a 2021 Red Mist Corvette Coupe at the Museum in March. This is their first Corvette.

NCM has been selected to participate in the Museum Assessment Program (MAP), which is administered by the American Alliance of Museums. Through guided self-study assessment and on-site consultation with a museum professional, participation in MAP will empower the NCM to better serve the Corvette community by facilitating its meeting and exceeding the highest professional standards of the museum field. The NCM has chosen to do a MAP Collections Stewardship assessment in order to improve their abilities to be good stewards of the NCM's collections.

Check out the Museum website for more information about the Museum and Motorsports Park or to check out upcoming activities.

Wilkins Township Parade

Wilkins Township is celebrating their 200th anniversary this year and they sent us a request to participate in a parade they are planning for September 18, 2021 to mark the event.

In the past we have participated in parades and had a great time and hopefully by September things will be under control enough that we will be able to join in the parade.

So mark your calendars and watch for more information as we get closer to the date.

Miscellaneous

Bloomington Gold has officially opened registration for the 2021 Bloomington Gold Corvette Show scheduled for June 18-19 at Lucas Oil Stadium in downtown Indianapolis. All the usual events including Certification, Survivor and Benchmark judging will take place indoors. Camaro's will also be invited again for 2021. For more information check out their website bloomingtongold.com.

It has been rumored that the 2021 Corvette model year will end sometime during the week of July 19th with the 2022 models beginning shortly thereafter. It is just a rumor as of now and nothing is set in stone. It is known that there are three new colors slated for next year's model.

CORSA performance is coming out with four new exhaust systems that provide more sound and an increase in performance for the C8 Corvette. In addition to the exhaust systems, CORSA is also showing off new headers for C8 Corvette's LT2 V8 as well as a number of accessories.

Emilia Hartford set the world record for the fastest C8 in a quarter mile run at 9908. To celebrate she stayed on the track and smashed her own record not once at 9474, but twice at 9.41. And she isn't done yet.

Corvette Racing has received two invites for its pair of Corvette C8.Rs to compete in the 89th 24 Hours of Le Mans to be held August 21-22.

ACS improved on the factory design of the 5VM Splitter by manufacturing the one-piece splitter from PC composite which is stronger and more durable than the OEM carbon fiber splitter. The ACS splitter for the C8 Corvette offers extreme resistance to heat and as it is manufactured from black composite, it's more durable finish hides rock chips and scrapes. Installation of the C8 5VM Style Front Splitter is an easy modification that you can do yourself. No drilling required.
