Welcome Message

It's hard to believe that we are already almost halfway through the year. I can't help but think about how time flies.

We had a pretty good turnout at our May meeting as we feel more comfortable being out and about. With the arrival of June we will be moving outdoors for our membership meetings and our annual picnic in August. Don't forget that June and July meetings are pizza meetings, and all you need to bring is yourself and something to drink to wash down your pizza.

There have been a number of car shows and cruises in the area and a few members have attended one or more of them. Check out the Newsletter for more information on more upcoming cruises that we could possibly attend as a club.

We also had some positive news on the officer front. Vince Morich, who, as Vice-President, has been leading the Club as acting President for the last year and a half, agreed to step into the actual President's chair. Ron Thomas has stepped forward to take Vince's place as Vice President. Although this is all good news for the Club, we still have a couple of positions that need to be filled. These are Secretary and Socials. Please consider helping your club by offering to fill one of these openings.

Remember the Vintage Grand Prix in July since the Corvette is the Marque Car for this year's event. Details of events for the week are included in this newsletter.

Reminder to any past members that you can renew your membership at any time. We also welcome new members who want to be part of the oldest Corvette Club in the U.S. The application is in this Newsletter.

We again want to thank everyone for their continued support through these trying times and hope to see more events being planned as we go forward.

As you know we have managed to operate without a President and now it seems like that has been taken care of, but we still need members to consider taking a role in running the Club. It's always good to have new people on the Board to bring fresh ideas to the Club.

So many people do so much to make our Club an outstanding organization that it is impossible to name them all. The Board would like to send out a big **Thank You** again to everyone who has participated in and helped at any of our events. You are the heart and soul of CCWP.

If anyone has any ideas they would like the Board to consider for the coming year, please contact any board member or attend a Board meeting. They are held the 1st Tuesday of the month at the Boulevard in Delmont.

Reminder: Our next membership meeting will be our first outdoor pizza meeting and is scheduled to be held on **Monday, June 14, 2021 at Oak Hollow Park in Irwin**. The meeting starts at 7:00 but come around 6:30 and enjoy pizza provided by the Club. Remember to bring drinks.

Misc.

Irene Martindell has been volunteering at Hutchinson Hospital since 1969. Although she no longer volunteers she has joined the organizations Board of Directors. She will turn 100 at the end of May and can still be seen cruising around town in her white Corvette.
What a lady!

This Rapid Blue C8 Corvette Stingray Convertible is wearing color-matched Forgiato's Blocco-ECL wheels with a staggered set-up of 21 inch fronts and 22 inch rears. It can be seen roaming the streets of Atlanta.

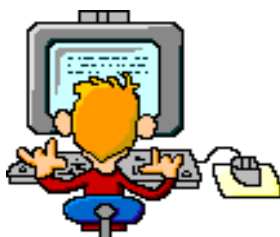

At the beginning of May dealers received their allocations of 2021 models for May as well as an estimated allocation for June, which should be the final numbers before the end of the 2021 model year. Dealers were reminded that the June allocation is only an estimate because of the uncertainty in the supply chain. The good news out of all of this is that production of the 2021 models will continue into August because it looks like Chevrolet is trying to build as many Corvettes as possible before the model year ends. It looks like the first 2022 models could roll off the assembly line around Labor Day.

Chevrolet has produced around 13,200 Corvettes so far for model year 2021.

NCM has announced that LLumar Films is the National Corvette Museum's preferred paint protection brand. This relationship is a great fit for both organizations. The NCM is dedicated to preserving Corvette's past, present, and future, and LLumar PPF is dedicated to preserving automotive finishes with innovative technology. This paint protection film is a self-healing, virtually invisible layer of protection that is professionally applied over paint to help defend against rocks, sand, salt, insects, and other threats to a flawless finish.

Former Board Member (2015 to 2019) Paul Mariano has passed away. Paul and his wife have been Lifetime Members of the Museum since 1989. He was also the Ambassador for Queen City Corvette Club and a 2014 Caravan Captain.

On May 30, 2021, at the 105th Indy 500, a 2021 mid-engine Chevrolet Corvette Stingray Hardtop Convertible will lead the 33-car field to the green flag. This 2021 Corvette will be the first convertible to pace the Indy 500 since 2008.

World of Golf in Florence, KY has created a new hole for Corvette fans. On the 12th hole on this Northern Kentucky mini-gold course is a C1 crossing a bridge.

Travel Awaits has listed the National Corvette Museum as one of the "9 Must See Car Museums."

The Stingray Grill is a unique dining experience that is coming soon to the National Corvette Museum.

Revised (9/25/17)

There was a car cruise at Edgewood Winery on Saturday, May 8th. The cruise was small for one of the first of the year and there was some rain, but 20 cars did participate. Even with the rain it was nice to see some our group at the winery. We had good food and good conversations as we caught up with everyone. It was a nice ride in our cars and a day out of the house. Hopefully more people will attend future cruises to enjoy our cars and each others company.

General Membership Meeting (Unapproved)

Tuesday, May 11, 2021

The May membership meeting was held on Tuesday, May 11th., at The Boulevard in Delmont. The change in day was due to the fact that the restaurant is currently closed on Mondays. Vince Morich (acting President) called the meeting to order at 7:05 and started with the Pledge of Allegiance.

There was a discussion about the Vintage Grand Prix and what the Club's role could be in the event since the Corvette is the Marquee car. Pat had mentioned at the Board meeting about the possibility of paying for the accommodations for the people coming from the Museum. The Board thought this should be presented to the membership to decide, seeing that the people coming from the Museum would be there to sell items from the Corvette Store. After some discussion it was decided that the Club would not pay for anyone coming from the Museum. However, it was discussed that perhaps we could try to get some personality that is associated with Corvette and if they would agree to come to the race weekend with the Club then perhaps we could cover their expenses. Further discussion would be required. We are hoping to get a group from the Club to go down to Schenley Park for the race weekend. Watson Chevrolet was recently sold to the Shorkey Group and they are planning on having an All Chevy Show on Saturday, July 10th at the dealership in Murrysville. More information will follow in the July Newsletter. The date is Saturday, July 10th.

There is also an All Chevy Show hosted by Steel Town Corvette Club at the Bridgeville Volunteer Fire Dept. on Sunday, Aug. 8th.

Newsletter—Georgeann Young

Everything for the Newsletter should be submitted by the 17th of the month.

New Business

The Vintage Grand Prix is now rescheduled for July of this year and the Corvette will still be the Marquee car. We have discussed the possibility of having a Fall show but would have to find someone to sponsor it. That decision needs to be made soon so we can make the appropriate arrangements. Some inquiries have been made with Bowser Chevrolet but no decision has been made.
